Volume 58 (2000)

Adam, S. **58**, 167
Akanuma, S. **58**, 225

Baudon, J.-J. **58**, 141
Bernaschek, G. **58**, 205
Bolton, D.P.G. **58**, 119
Bourrouillou, G. **58**, 17

Calot, M. **58**, 17
Calvas, P. **58**, 17

Dame, J.B. **58**, 25
De La Farge, F. **58**, 17
Denier, C. **58**, 17

Flores-Guevara, R. **58**, 141
Fu, X.-w. **58**, 41
Fukami, E. **58**, 91, 101

Galland, B.C. **58**, 119
Grozdeal, J. **58**, 17

Hains, S.M.J. **58**, 179
Hayakawa, F. **58**, 111
Hayakawa, M. **58**, 91
Hayde, M. **58**, 205
Heymans, H.S.A. **58**, 213
Higuchi, T. **58**, 225
Hizume, K. **58**, 225

Iga, M. **58**, 41
Ikeno, K. **58**, 225
Ikeno, S. **58**, 153

Ishiguro, A. **58**, 225

Juul, S.E. **58**, 25

Kahl, P. **58**, 167
Källén, K. **58**, 197
Kato, T. **58**, 111, 225
Kimura, M. **58**, 41
Kisilevsky, B.S. **58**, 179
Kitoh, J. **58**, 91
Kiuchi, M. **58**, 153
Koike, K. **58**, 225
Komiyama, A. **58**, 225
Kuno, K. **58**, 111

Lee, K. **58**, 133

Mimura, S. **58**, 91, 101
Miyazaki, H. **58**, 225
Mori, N. **58**, 101

Nagata, N. **58**, 153
Nakabayashi, T. **58**, 225
Nakayama, A. **58**, 101
Newell, M.-L. **58**, 1

Ogami, K. **58**, 225
Ohno, R. **58**, 225
Okumura, A. **58**, 111
Otto, H.F. **58**, 167

Pang, L. **58**, 179
Pollak, A. **58**, 205

Renault, F. **58**, 141

Sasaki, J. **58**, 91, 101
Sauer, P.J.J. **58**, 213
Sayers, R.M. **58**, 119
Sergi, C. **58**, 167
Shinjo, K. **58**, 225
Shono, H. **58**, 57
Shono, M. **58**, 57
Smrkovsky, M. **58**, 213
Soupre, V. **58**, 141
Stevenson, D.K. **58**, 205
Sugimori, H. **58**, 57

Takeshita, A. **58**, 225
Taylor, B.J. **58**, 119
Terakawa, N. **58**, 153
Thorne, C. **58**, 1
Tideman, E. **58**, 81
Touwen, B.C.L. **58**, 213

Valdiguié, P. **58**, 17
Van der Veer, E. **58**, 213
Van Driel, D. **58**, 213
Vazquez, M.-P. **58**, 141
Vergnes, H. **58**, 17
Vreman, H.J. **58**, 205

Watanabe, K. **58**, 91, 101, 111
Weiner, C.P. **58**, 205
Wesseling, J. **58**, 213
Widness, J.A. **58**, 205

Subject index

Volume 58 (2000)

Alkaline phosphatase; Down's syndrome; Second trimester pregnancy; Hybrid isoenzyme **58**, 17

Alloimmunized hemolysis; Carboxyhemoglobin; Cordocentesis; Pregnancy; Fetus **58**, 205

Anticoagulants; Long-term effects; Problem behaviour **58**, 213

Attention; Preterm children; Long-term outcome; Cognitive development; Scholastic performance **58**, 81

Auditory; Fetus; Heart rate; Body movements **58**, 179

Bilateral basal ganglia–thalamic lesion; Prolonged fetal bradycardia; Hypoxic ischemic encephalopathy **58**, 111

Bile duct; Liver; Portal tract; Ontogeny; Fetus; Computer-based image-analysis **58**, 167

Blood flow velocity waveform; Serial measurement; Fetal middle cerebral artery; Fetal behavioral state **58**, 57

Body movements; Fetus; Auditory; Heart rate **58**, 179

Brain development; Neuronal migration; Intrauterine growth retardation; Rat; Synthetic thromboxane A_2 **58**, 91

Brain development; Smoking; Pregnancy; Infant head circumference **58**, 197

Brain-derived neurotrophic factor; Cell adhesion molecules; Neuronal; Polymerase chain reaction; Fetal growth retardation **58**, 101

Breast-fed; Crying; Formula-fed **58**, 133

Carboxyhemoglobin; Alloimmunized hemolysis; Cordocentesis; Pregnancy; Fetus **58**, 205

Cell adhesion molecules; Brain-derived neurotrophic factor; Neuronal; Polymerase chain reaction; Fetal growth retardation **58**, 101

Cellular expression; Pro-inflammatory cytokines; Interleukin-6; Interleukin-8; Human fetus; Cytokine receptors; Tissue distribution **58**, 25

Cognitive development; Preterm children; Long-term outcome; Scholastic performance; Attention **58**, 81

Computer-based image-analysis; Liver; Bile duct; Portal tract; Ontogeny; Fetus **58**, 167

Cordocentesis; Carboxyhemoglobin; Alloimmunized hemolysis; Pregnancy; Fetus **58**, 205

Crying; Breast-fed; Formula-fed **58**, 133

Cytokine receptors; Pro-inflammatory cytokines; Interleukin-6; Interleukin-8; Human fetus; Tissue distribution; Cellular expression **58**, 25

Down's syndrome; Second trimester pregnancy; Alkaline phosphatase; Hybrid isoenzyme **58**, 17

External light stimulation; Human fetus; Fetal behavioral states; Vibroacoustic stimulation **58**, 152

PII: S0378-3782(00)00100-6

Fetal behavioral states; External light stimulation; Human fetus; Vibroacoustic stimulation **58**, 152

Fetal behavioral state; Blood flow velocity waveform; Serial measurement; Fetal middle cerebral artery **58**, 57

Fetal growth retardation; Brain-derived neurotrophic factor; Cell adhesion molecules; Neuronal; Polymerase chain reaction **58**, 101

Fetal middle cerebral artery; Blood flow velocity waveform; Serial measurement; Fetal behavioral state **58**, 57

Fetus; Auditory; Heart rate; Body movements **58**, 179

Fetus; Carboxyhemoglobin; Alloimmunized hemolysis; Cordocentesis; Pregnancy **58**, 205

Fetus; Liver; Bile duct; Portal tract; Ontogeny; Computer-based image-analysis **58**, 167

Filter paper urine; Neonatal mass screening; Metabolic screening; Organic acidemia; GC/MS **58**, 41

Formula-fed; Crying; Breast-fed **58**, 133

GC/MS; Neonatal mass screening; Metabolic screening; Organic acidemia; Filter paper urine **58**, 41

HIV infection; Vertical transmission; Prevention **58**, 1

Heart rate; Fetus; Auditory; Body movements **58**, 179

Human fetus; External light stimulation; Fetal behavioral states; Vibroacoustic stimulation **58**, 152

Human fetus; Pro-inflammatory cytokines; Interleukin-6; Interleukin-8; Cytokine receptors; Tissue distribution; Cellular expression **58**, 25

Hybrid isoenzyme; Down's syndrome; Second trimester pregnancy; Alkaline phosphatase **58**, 17

Hypoxic ischemic encephalopathy; Bilateral basal ganglia–thalamic lesion; Prolonged fetal bradycardia **58**, 111

Infant head circumference; Smoking; Pregnancy; Brain development **58**, 197

Interleukin-6; Pro-inflammatory cytokines; Interleukin-8; Human fetus; Cytokine receptors; Tissue distribution; Cellular expression **58**, 25

Interleukin-8; Pro-inflammatory cytokines; Interleukin-6; Human fetus; Cytokine receptors; Tissue distribution; Cellular expression **58**, 25

Intrauterine growth retardation; Neuronal migration; Brain development; Rat; Synthetic thromboxane A_2 **58**, 91

Isolated Pierre Robin sequence; Neurophysiological brainstem **58**, 141

Laser Doppler; Prone position; Sympathetic; SIDS, Vasoconstriction **58**, 119

Liver; Bile duct; Portal tract; Ontogeny; Fetus; Computer-based image-analysis **58**, 167

Long-term effects; Anticoagulants; Problem behaviour **58**, 213

Long-term outcome; Preterm children; Cognitive development; Scholastic performance; Attention **58**, 81

Metabolic screening; Neonatal mass screening; Organic acidemia; GC/MS; Filter paper urine **58**, 41

Neonatal mass screening; Metabolic screening; Organic acidemia; GC/MS; Filter paper urine **58**, 41

Neuronal migration; Brain development; Intrauterine growth retardation; Rat; Synthetic thromboxane A_2 **58**, 91

Neuronal; Brain-derived neurotrophic factor; Cell adhesion molecules; Polymerase chain reaction; Fetal growth retardation **58**, 101

Neurophysiological brainstem; Isolated Pierre Robin sequence **58**, 141

Ontogeny; Liver; Bile duct; Portal tract; Fetus; Computer-based image-analysis **58**, 167

Organic acidemia; Neonatal mass screening; Metabolic screening; GC/MS; Filter paper urine **58**, 41

Polymerase chain reaction; Brain-derived neurotrophic factor; Cell adhesion molecules; Neuronal; Fetal growth retardation **58**, 101

Portal tract; Liver; Bile duct; Ontogeny; Fetus; Computer-based image-analysis **58**, 167

Pregnancy; Carboxyhemoglobin; Alloimmunized hemolysis; Cordocentesis; Fetus **58**, 205

Pregnancy; Smoking; Infant head circumference; Brain development **58**, 197

Preterm children; Long-term outcome; Cognitive development; Scholastic performance; Attention **58**, 81

Prevention; HIV infection; Vertical transmission **58**, 1

Pro-inflammatory cytokines; Interleukin-6; Interleukin-8; Human fetus; Cytokine receptors; Tissue distribution; Cellular expression **58**, 25

Problem behaviour; Anticoagulants; Long-term effects **58**, 213

Prolonged fetal bradycardia; Bilateral basal ganglia–thalamic lesion; Hypoxic ischemic encephalopathy **58**, 111

Prone position; Laser Doppler; Sympathetic; SIDS, Vasoconstriction **58**, 119

Rat; Neuronal migration; Brain development; Intrauterine growth retardation; Synthetic thromboxane A_2 **58**, 91

SIDS, Vasoconstriction; Laser Doppler; Prone position; Sympathetic **58**, 119

Scholastic performance; Preterm children; Long-term outcome; Cognitive development; Attention **58**, 81

Second trimester pregnancy; Down's syndrome; Alkaline phosphatase; Hybrid isoenzyme **58**, 17

Serial measurement; Blood flow velocity waveform; Fetal middle cerebral artery; Fetal behavioral state **58**, 57

Smoking; Pregnancy; Infant head circumference; Brain development **58**, 197

Sympathetic; Laser Doppler; Prone position; SIDS, Vasoconstriction **58**, 119

Synthetic thromboxane A_2; Neuronal migration; Brain development; Intrauterine growth retardation; Rat **58**, 91

Tissue distribution; Pro-inflammatory cytokines; Interleukin-6; Interleukin-8; Human fetus; Cytokine receptors; Cellular expression **58**, 25

Vertical transmission; HIV infection; Prevention **58**, 1

Vibroacoustic stimulation; External light stimulation; Human fetus; Fetal behavioral states **58**, 152
